

## TRAILWRIGHTS 72 Summits Club

*Purpose: To provide an opportunity and a challenge to the serious hiker in a mountain environment; to develop his or her skills in areas of navigation on and off trails; to spread the impact of hikers over a larger area and less often visited peaks; to discover each peak as a unique entity; and to give the hiker a well-rounded experience in mountain weather and topography; and to provide an awareness of stewardship for the trails we enjoy.*

*Requirements: Hike to and from the 72 peaks on the official list, and complete 72 hours of documented trail work.*

*Rules are as follows:*

*Peaks;*

- 1. Hikes/Bushwhacks start and finish on foot from any maintained road, class V or better, parking area, or U.S. Forest Service roads open for traffic. Exception: Mt. Washington auto road cannot be driven (not recommended to hike this road).*
- 2. Each peak must be climbed individually; therefore, only one peak counts per hike or backpack.*

*Trail work;*

- 1. Must be with or for an organized group or club, and be recorded with that organization.*
- 2. Trail work will be defined as standard trail construction/reconstruction and repair or maintenance. Includes blazing, brushing, erosion control, etc. or any task designated by crew leader.*
- 3. Only hours actually worked may be counted, do not include time you spent driving to and from home. (Use trailhead to trailhead time)*
- 4. At least (3) work outings (21 hours total) must be done with Trailwrights organized and led events. These are noted as such on the calendar.*
- 5. List organization, the date, work done, trail name.*

*After completion of the requirements, application may be made by writing to the Hiking Chairman of Trailwrights, 125 Ray St, Manchester, NH 03104. A special patch and certificate will be available to members for no fee. Nonmembers receive a certificate free and patches available at cost. Additional patches at cost.*

*13/MAY/2015*
