

TRAILWRITES

MAKING TRAILS RIGHT

November 2022

Happy Thanksgiving, Merry Christmas and Happy New Year to you and your families!

Trailwrights had a total of 12 outings this year, plus hours for handling the trailer, for a total of 843 man hours. We spent 5 days on Artist's Bluff and 5 days on Mt. Pemigewasset Trail (conveniently hiding the tools). Many rock steps were placed, much hardening, blazing, and trail definition. There were 39 different people that came out, including the regulars. We missed Hal this year, and hope he'll feel better next year. Many thanks to Karl Gould, Ray Jackson, Rick Fregeolle, and Steve Marion, for their participation and leadership, and to all others who came out regularly. We also enjoyed meeting the peak baggers who were required to spend three work days with us in order to receive their 72 summits patch or any other org. patch.

It is with great sorrow that this newsletter will not be read by the founder of this format, Ray Jackson, with the help of his wife, Jane. Ray joined Trailwrights in our second year when we were working at the Harris Center in Hancock, NH. He was president of Trailwrights from 1997 to 2014 and was full of great ideas and suggestions for our organization. Ray had one 3-year term as director and was always at our meeting in Concord. He recently accepted the position of Vice President this year.
